2026 Term 2

Connecting with you

Dear Parents/Guardians,

Almost half a school year has passed! We are delighted to share that our school has been buzzing with positive energy. Alongside our usual academic rigor, we have celebrated several commemorative events featuring a vibrant range of activities for our students. This term, we focus on the values of 'Responsibility' and 'Integrity'. Being responsible Concordians entails being dependable in carrying out tasks, fulfilling expectations, and taking accountability for their actions. Having integrity is about showing sense of right and wrong through their actions and speech, as well as courageously owning up to mistakes. We encourage all Concordians to carry these values beyond the classroom, striving to be upright and dependable individuals in their daily lives.

We are incredibly proud of the Concordians who represented us at the National School Games and the Singapore Youth Festival. Every participant demonstrated immense pride, resilience, and responsibility. Their dedication to training and consistent performances have brought great honor to both themselves and the Concordian community. As the terms draws to a close, we are highly anticipating the Concord Esperienza in Week 10. The curated student development experiences are set to provide Concordians with a vibrant, enriching addition to their schooling journey.

The upcoming June holiday is a well-deserved opportunity for our Concordians to rest, recharge, and spend quality time with family. While we encourage our students to take a break from their routine schoolwork, we hope our students to use this time effectively - balancing rest with self-directed learning and reflecting on their growth so far. Thank you for partnering with us to nurture our students. We wish you and your family a restful, and joyful holiday ahead. We look forward to seeing everyone back in Term 3, refreshed and ready for new adventures!

In partnership,
Ms Shalini, Year Head (Middle Primary)
Mdm Jenny Chua, Assistant Year Head
Mdm Jihan, Assistant Year Head

Key highlights

Hari Raya Aidilfitri Celebration

Our school came alive with festive music, and incredible energy as we celebrated Hari Raya Aidilfitri on 27 March. From learning the significance of Hari Raya Aidilfitri to enjoying cultural performances, our Concordians fully immersed themselves in the spirit of unity and harmony. We were treated to a *Silat* demonstration, showcasing its grace and strength which was weaved in as part of the staff performance. The celebration ended with a vibrant mass dance, where the entire school caught the festive fever, moving in unison to upbeat rhythm. Events like these continue to strengthen the harmonious fabric of our school, ensuring our students grow into culturally savvy and respectful individuals of the community.

International Friendship Day Commemoration

The world felt a little smaller and a lot closer as we commemorated International Friendship Day (IFD) with classroom activities on 6 April and school assembly on 10 April. The IFD theme for this year was 'Forging Friendships in a Complex World'. Concordians embarked on a cultural journey, exploring the traditions and customs, and diverse cultures of our global neighbors and ASEAN friends. Through these meaningful experiences, our students learned that mutual respect, open-mindedness, and empathy are the universal languages of friendship.

Autism Awareness Day

In line with our commitment to holistic student development and values education, the school commemorated World Autism Awareness Day which was on 22nd April. Concord staff wore a splash of blue and opened our hearts to promote understanding, inclusion, and support for individuals on the spectrum.

Our Concordians participated in meaningful activities to better understand autism and celebrate neurodiversity. From learning about the unique strengths of individuals on the spectrum to discussing how to be more supportive friends, our students truly embodied the values of kindness and inclusivity. They learned that while we all experience and interact with the world differently, our differences are what make our community vibrant.

By embracing the spirit of this day, our students demonstrated that empathy and kindness are core to who we are. We are pleased and encouraged to continue to build a caring and enabling school environment where everyone feels accepted, valued, and loved for who they are.

Overseas School Immersion to Penang, Malaysia and Da Nang, Vietnam

Selected Primary Five students recently broadened their horizons with two exciting Trips for Internationalisation Experiences (TIE) over March and April to Penang, Malaysia and Da Nang, Vietnam. Designed to deepen civic, global and cross-cultural literacy, these immersion trips helped students appreciate regional cultures, explore growing economic opportunities, and strengthen their commitment to Singapore. Student representatives shared their experiences during a morning assembly, sparking much curiosity and interest. These experiential journeys are a highlight that our Primary Three and Four students could eagerly look forward to in future.
