

From the Year Head's Desk

Term 1 Week 8

21 February 2022

Dear Parents,

Our Primary 6 (P6) students started off the year by becoming buddies to the newest addition to the Concord family - our Primary 1 students. For three days, they guided the youngest Concordians during recess and even brought them on a tour of the school premise. The warmth and kindness manifested by our P6 buddies have made our P1 students feel very much welcomed. It was indeed heartening to see how our Primary 6 students exemplified the school's vision of Caring Hearts.

P6 Concordians as recess buddies to the P1 Concordians

In week 6, the school had its first fire drill exercise. Prior to the exercise, the teachers briefed the students on what they were expected to do. On the day of the fire drill, our Concordians made their way to the assembly point in a calm and orderly manner. The appointed student leaders carried out their roles with confidence. They took the class attendance and updated the teachers promptly. Through this exercise, our Concordians are equipped of the knowledge required such as procedures involved and familiarization of evacuation route. It was a great learning experience for our teachers and students.

This term, the Primary 5 students learned about the water cycle during their Science lessons. As part of their differentiated assignments, the students of Primary 5D were tasked to design a model of the water cycle. The Concordians took this challenge in their stride by showcasing their vision of Enriched Minds. They unleashed their creativity and constructed water cycle models that certainly impressed their teacher and classmates. Kudos to them!

P5 students posing with their models of the water cycle

Despite a hectic first few weeks of school, our Concordians continue to prove that they have the Caring Hearts, Enriched Minds and Determined Spirits in their pursuit of knowledge.
